

EARLYBIRD CHILEAN NITRATE

5.5-0-0

GUARANTEED ANALYSIS

Total Nitrogen (N) 5.5%

5.5% Nitrate Nitrogen

Earlybird Chilean Nitrate is designed to be used as a nitrogen supplement for organic crop production. It is not intended as the total nitrogen source. Crop rotation, compost, and other organic soil building amendments are encouraged.

DERIVED FROM: Sodium Nitrate

BANDED IN SOIL: 5 GPA—70 GPA*

*Always consult with your agronomist or extension agent for specific recommendations. Earlybird Chilean Nitrate is designed to supplement no more than 20% of the crop's nitrogen requirements.

DO NOT APPLY DIRECTLY TO SEEDS

.58 lbs. of Nitrogen per gallon from Sodium Nitrate

EARLYBIRD CHILEAN NITRATE meets National Organic Program requirements for organic production.

EARLYBIRD CHILEAN NITRATE contains NO Genetically Modified Organisms

This product is intended for use according to an approved organic system plan

It is each certified organic grower's responsibility to get approval from his/her certifying agency before using this product. Because of differences among the various certifying agencies, and differences between NOP/EU/JAS/COR ingredient lists, Earlybird cannot guarantee that our products will be allowed by your certifier on your farm.
